🧠 Skills

Backend

- Node.js
- Express.js

DB

- MongoDB
- PostgreSQL

Frontend

- React

Fullstack

- NextJS
- Ruby on Rails

DevOps

- Git
- Heroku
- Vercel
- Netlify

👤 Profile

With eight years of finance experience and two years of intensive practice and learning in web development, I am fully committed to be a developer.
I have specialized in technologies such as Ruby/Rails, React, NextJS, and NodeJS, and have rigorously practiced designing and developing technical solutions to refine my skills extensively for the past two years.
